Fenway Community Development Corporation
Improving Lives and Building Community

Building a Stronger Neighborhood
312 community engagements prevented homelessness, promoted housing affordability, and fostered cohesive neighborhood development

Community Planning and Organizing

- Supported the city's efforts to waive parking minimums for affordable development
- In line with the Racial and Housing Justice Committee, the Organizing Committee worked to ensure that our housing policy advocacy and campaigns fully support diversity, equity, and inclusion

Fenway's Urban Village Committee

- Residents, developers, and city officials held 13 meetings to review the impact of seven developments on Fenway residents
- 100 or more residents attended meetings, a community hearing, and six rallies to show community support for the #55 bus. Their actions generated coverage in eight media outlets and saved this essential bus line from being eliminated by the MBTA.
- 110 residents weighed in on transit needs in the Fenway

Fenway Communicate and Connect Committee

- 15 members connected individuals experiencing homelessness or substance abuse to mental health and social service providers

Policy and Legislative Matters

Fenway CDC broadened its coalition of groups working together on housing policy at the city and state levels. Thanks to Beth Israel Deaconess Medical Center's Community Benefits Fund, Fenway CDC continued to lead the Community Health via Housing, Equity, Engagement and Resilience (CHEER) coalition meetings, which advanced housing policies to prevent displacement and homelessness, address racial inequities, create and preserve affordable housing, and empower communities.

Residents and elected officials met 6 times to discuss housing and transportation needs.

Together, the coalition made progress on these housing justice policies:

- Tenant Opportunity to Purchase Act
- Payment in Lieu of Taxes
- Boston Transfer Fee
- Affirmatively Furthering Fair Housing
- Inclusionary Development Policy
